

# DAVIDE LUPIS

---

## Personal Details

Address: Via Barnaba Oriani 60, Milano, MI, Italy. Tel: +39 3663180611.

E-mail: [davide\\_lupis@yahoo.it](mailto:davide_lupis@yahoo.it).

DoB: 16/08/1992

---

## Career Objective

Motivated and creative Data Scientist willing to focus on the banking industry.

Passionate about sport, finance and personal development with +1 year experience on banking projects and P.O.C.

---

## Work Experience

### IBM Watson Data Scientist | 2020-Current Position

- Generate analysis, including the creation of reports, documentation and coding.
- IBM C.R.I.S.P. Methodology.
- Present and discuss results to internal and external clients in a clear and cohesive manner.
- Focus on Anomaly Detection and Supervised Learning methods

### IBM Junior Data Scientist | 2019

- Comprehensive usage of Cloud Tools such as IBM Watson-Studio
- Data Preparation and Machine Learning models
- Data Visualization

---

## Education and Achievements

### Data Analytics for Business | 2021-Attending.

Master program: <https://offertaformativa.unicatt.it/cdl-course-details-curriculum-214A-2020#structure>

### Economics for Corporates and Financial Markets 2018- 2021

Final Thesis on Bankruptcy Prediction:

<https://github.com/DataDavidProjects/Ensemble-Machine-Learning-Methods-for-Bankruptcy-Prediction/blob/main/Lupis%204701017.pdf>

Bachelor's program: <https://offertaformativa.unicatt.it/cdl-course-details-curriculum-214A-2020#structure>

### IBM Advanced Data Science Specialization

1. Advanced Data Science Capstone
2. Applied Ai with Deep Learning
3. Advanced Machine Learning and Signal Processing
4. Fundamentals of Scalable Data Science

### IBM Data Science Professional Certificate

1. Data Science Capstone | 2. Machine Learning with Python
3. Data Visualization with Python | 4. Data Analysis with Python
5. SQL for Data Analysis | 6. Python for Data Science
7. Data Science Methodology
8. Open-Source Tools in Data Science
9. Data Science Orientation

---

## Programming Languages

SQL, Python, R, Spark. IBM Watson Studio (Cloud Pak for Data)
